AS THE HOURS PASS THE COMING OF BABY DRAWS NEARER-ARE YOU PREPARED!

IT is natural to think of the expectant mother's influence upon the unborn babe. Her food, her habits, her hygiene, and even the condition of her mind, all have a part in determining the well-being or ill-being of her infant before birth.

No one can be in doubt that the months which precede birth are of vast importance for the future of the child. It is therefore necessary that the expectant mother prepare herself. Mother's Friend gives comfort to expectant mothers by softening and making elastic the muscles during the anxious months before maternity.

of mothers record the virtue of Mother's Friend for not only allaying distress in advance, but for assisting nature in assuring a speedy recovery for the mother.
